

Getting to Know Me

Arlington, TN 38002

Dear Book Club Members,

My name is Alicia. I am thrilled about the book club this year. I'm very excited about reading books with you and discussing them!

Since we are going to be friends, let me tell you a little about myself. My favorite things to do are play guitar, exercise, laugh hard, read, and talk to my sister. Although I'm not an avid television watcher, I do like watching a professional football and tennis game once in a while.

Being a great role model for my family & friends is important to me. Especially my two daughters and son. I would like for them to become great members of society. I love to cook different healthy meals for my family and get their opinion about the meals. I enjoy silly dancing with my girls to *The Hamster-Dance Song*. I also like to recycle.

My favorite kinds of books are fiction like *The Hobbit*, *The 10th Kingdom*, *Star Wars*, *The Call of the Wild* and *Just For You* books. I like corny & funny books like *Junie B.*, *Henry Huggins* and *Romona*. I also like futuristic novels like *Fahrenheit 451*.

I have lived in Tennessee most of my life. I like to travel out of state at least once a year. I work as a Preschool Teacher & Youth Book Club Coordinator. I like to volunteer my time to young children and the elderly.

I am looking forward to meeting with you. I want to know what your favorite things are, what you are interested in learning & what your favorite books are.

Sincerely yours,

Alicia
